Getting Started

1. **Sign Up:** Create an account using your email and a password. (No email verification is needed, you can start immediately!)
 2. **Log In:** Use your credentials to log in and sync your progress to the cloud so you can access it anywhere.
-

Creating Tasks & Habits

Use the **Add New** sidebar menu to create your objectives. You can assign Categories (like Work, Health, Personal) to keep everything organized.

1. New Quests (One-Time Tasks)

- **What are they?** Standalone tasks that need to be completed by a specific Due Date.
- **Deadlines:** You set the due date and time when creating the Quest.
- **Rewards:** Completing a Quest rewards you with EXP and Coins.
- **Pro Tip:** The earlier you complete a Quest before its deadline, the larger the EXP and Coin bonus you will receive!

2. Habits (Recurring Tasks)

- **What are they?** Activities you want to build into your routine.
 - **Scheduling:** You can select exactly which days of the week the habit should be active.
 - **Streaks:** Habits rely on a streak system. The longer you maintain your streak without missing a scheduled day, the higher your EXP and Coin multiplier becomes.
-

Managing Your Objectives

Head over to your **Dashboard** to manage your active Quests and Habits.

- You can **Check off** tasks to complete them and earn rewards.
 - You can **Edit** details (like deadlines or titles) or **Delete** items if they are no longer needed.
-

Leveling & Ranks

As you complete objectives, you will earn EXP (Experience Points) and Coins.

- **Leveling Up:** Accumulate enough EXP to increase your Level and upgrade your Rank.
- **Higher Rank Perks:** Reaching higher Ranks permanently increases the multipliers for the EXP and Coins you earn from all activities!

Base Rewards & Multipliers

The rewards you earn scale dynamically based on the type of task, its priority, your streaks, and your current Rank.

Base Rewards:

- **Quests (One-Time Tasks):** Base 100 EXP | Base 1.5 Coins
- **Habits (Recurring):** Base 30 EXP | Base 1.0 Coins

Quest Priority Multipliers:

- Low Priority: **1.0x** Reward
- Medium Priority: **1.5x** Reward
- High Priority: **2.0x** Reward

Habit Streak Multipliers:

Pokémon Pet System

Your productivity directly fuels your Pokémon collection!

Unlocking Pokémon

- Every time you complete a certain number of tasks, a **Random Pokémon drop** will occur, unlocking it in your Pokédex.
- After a drop, the required number of tasks to unlock the *next* Pokémon is completely randomized between **1 to 20 tasks**.

Taking Care of Your Pet

- **Choose a Pet:** Go to your Pokédex and set any obtained Pokémon as your Active Pet. They will appear on your Dashboard.
 - **Hunger Mechanics:** Every **8 hours**, your pet's hunger level will automatically decrease.
 - **Feeding:** To keep your pet happy and alive, you must buy **Berries** from the Shop (using the Coins you earn from tasks) and feed them to your pet from your Bag.
 -  **Warning:** If your pet's hunger reaches 0%, they will run away! The Pokémon will be removed from your collection and you will have to unlock it again.
-

Penalties

Just like in a real game, failing your objectives has consequences to keep you accountable.

- **High Priority Quests:** Missing the deadline results in a **50 EXP deduction**.
 - **Medium Priority Quests:** Missing the deadline results in a **30 EXP deduction**.
 - **Low Priority Quests:** No EXP deduction.
 - **Habits:** Missing a habit on its scheduled day breaks your streak and results in a **30 EXP deduction**.
-

Now, go forth and conquer your tasks! Level up your life, build your streaks, and catch 'em all!
